Subject: [Non-DoD Source] White Oaks Morgan Sites Mitigation Monitoring report

Hi Jared,

I hope that you had a nice holiday season. Attached is S&L's mitigation monitoring report for the two Morgan sites. [REDACTED] (from Thrasher) went out to the Dominion site last week and is working on a report. That one will obviously be missing macro data for the SWVM (as it is not macro sampling season in WV) but we have that on the schedule for the spring.

Please let me know if you have any questions or need anything else in the meantime.

Thank you,
